SCHEDULE

The scheduled time for each run group is NOT the time to arrive at the grid! It is the time your group is leaving the grid. Bring your cars to the Pre-Grid Area 10 minutes BEFORE your session begins.

STAGING AND LOAD-IN

Rigs may begin to stage on the Skid Pad at Sebring on Tuesday, March 4 at 7:00am. Rigs that arrive before 7:00am on Tuesday will not be allowed onto the Skid Pad and will be directed to the open field across from Gate 4.

Competitor and Crew will be allowed to load-in on Wednesday, March 5, beginning at 10:00am. Sebring International Raceway personnel will direct any rigs that arrive to the proper location. No overnight camping will be allowed prior to Wednesday, March 5, which means you will not be able to sleep in a rig parked at the facility.

All rig drivers will be required to check in with Registration **PRIOR** to Load-In to receive their Credentials.

All vehicles, trailers, transporters, and RV's must be clear of all infield areas by 7:00pm on Sunday, March 9. Rigs may not stay on property overnight on Sunday, March 9.

ACCESS TO FACILITY THROUGHOUT THE EVENT

All participants (drivers, crew, guests, officials, vendors and spectators) will enter the facility through Gate 4, which is off Carroll Shelby Drive, for the **entirety of the event**.

It is expected that no power will be available to the competitor paddock. If you require electricity, please bring a generator.

PADDOCK INFORMATION

- There is no guarantee of power in the paddock. If your team requires electricity, bring a generator.
- Fire Extinguishers should be available at every team paddock location in case of emergency.
- No stakes may be driven into any asphalt or concrete surface.
- Do not argue with Sebring International Raceway Security or other personnel.
- All waste must be disposed of properly.
- Used tires, batteries, equipment, and empty fuel drums are each individual team's responsibility. The simple rule is: If a team brought it in...then that team must take it out. Failure to do so could result in fines, suspensions, and increased costs to everyone.
- No open-toed shoes allowed in the Pit Lane area.
- No shorts or sleeveless shirts are allowed in the Hot Pit Lane during the B.R.M Endurance Challenge, HSR Prototype Challenge and the Classic 12 Hour Race races.

TIRE POLICY

This tire list is intended to allow Classic 12-Hour racers with a reasonable choice of competitive tires that are suitable for their specific make and model. It is not possible to list every tire that might be used legally on every car. The listed tires represent commonly used and available tires that allow fair racing amongst cars in a particular race group and class. These tires also closely resemble the tires that a car would have raced on historically. Since the makeup of race groups and classes consists of cars with varying specifications, not every car in a race group or class will necessarily have the same tire options.
